Description:

Lovely plot of land next to the Rio Torrente just outside Acequias in the Lecrin Valley. The land has been carefully tended and is planted mostly with olive and cherry trees in full production all fed by drip-feed irrigation system. There is abundant water stored in the 560,000 L water deposit tank with a small building for equipment. The land has good access along a track only 100m from a tarmac road and would be ideal for horses or for a ...
