Description:

Beautiful piece of land overlooking the Lecrin Valley and the village of Restabal. The land measures approximately 14.000 m² and is in full production of olives. All the trees have drip feed irrigation installed and there is abundant water - 12 hours per month. The land has been well organised and has excellent tracks running through it to access the trees and all areas. The topography of the land gives lots of secluded shaded areas and st...
