Description:

Casa De Loma Semi-detached semi-ruined country property not far from the village. Granada and Malaga airport are about an hour from the house. The property has a small house to the front which can be seen in the picture. This could be incorporated into the main building which would then give front door access, L-shaped property and courtyard. The views are fantastic and the access is very good from the main road which is to Loja. The main buil...
